LIFE Rugby wins Sevens tournament, bid to Collegiate Rugby Championships

LIFE University's Rugby Sevens team earned an invitation to play in the Collegiate Rugby Championships (CRC) in June after winning the Las Vegas Invitational held this past weekend, Feb. 9-11.

LIFE's undergraduate team went 7-0 at the three-day tournament. The team beat the University of San Francisco, University of Buffalo, St. Joseph's University, the University of Missouri, San Diego State University and Kutztown University en route to a championship match with the University of Utah.

The Championship match unfolded before a crowd of more than 30,000 people at Sam Boyd Stadium in Las Vegas on Saturday afternoon. LIFE prevailed with a dramatic 17-12 victory.

The victory earned LIFE a bid to the CRC in Philadelphia June 2-3, 2012, where 16 teams will compete for the championship. The CRC will be televised nationally with more than three hours of coverage by NBC.

National Black History Month

Profile: Dr. Fred Rubel

Dr. Fred Rubel, first African American chiropractor, founder and president of Rubel College of Chiropractic, believed that "service to all mankind, regardless of race, marks the way to advancement. He argues that the science of Chiropractic will be best advanced by schools which serve all people and not any one group alone."

Although there is some evidence that there was a black presence in Chiropractic education before World War I, Rubel wanted to make sure young black students had a place to get their training in the profession regardless of their race.

The Rubel College catalog reports that Dr. Rubel graduated from the National School of Chiropractic in Chicago in 1913. His Motivation for founding the college was "realizing that any race of people, if it must succeed, should be trained in all professions." Rubel refused to allow the barriers imposed on blacks by other members of his profession to deter him from founding an institution for the teaching of all races, regardless of color or previous condition.

"Thus, the principal reasons for the founding of Rubel College of Chiropractic: first, for the purpose of promoting the already far-advanced science of Chiropractic, by offering a modern equipped College with professors and instructors well prepared to teach and develop students who desire to become Doctors of Chiropractic; and second, to open the field of instruction to all races, no matter what the color of their skin may be, so as particularly to give members of the colored race an opportunity to learn one of the greatest modern professions - Chiropractic."

Excerpts and picture from an article written by Russell W. Gibbons and Glenda Wiese in Chiropractic History 1991, June; 11 (1):8-9

In honor of National Black History Month, LIFE News shares weekly profiles on influential and inspirational black men and women throughout the month of February. Profiles are sponsored by the LIFE Diversity Committee, and compiled by Diversity Committee member and LIFE Reference Librarian/ Assistant Director Geetha Sridaran.

ATTN: Faculty & Staff - Invitation to Toastmasters International at LIFE

The Business Departments invites faculty and staff of Life University to make an investment in yourself and join Life University's Toastmasters International club. Here's a short introduction to Toastmasters from its website:

Toastmasters International is a non-profit educational organization that teaches public speaking and leadership skills through a worldwide network of meeting locations.

Headquartered in Rancho Santa Margarita, California, the organization has more than 270,000 members in more than 13,000 clubs in 116 countries. Since 1924, Toastmasters International has helped people of all backgrounds become more confident in front of an audience.

Briefly, the mission of Toastmasters International is to help its members develop and improve their communication and leadership skills.

Specifically at Life University, Toastmasters supports these Core Proficiencies:

- Communication & Relationship Theory / Skills
- Learning Theory / Critical Thinking
- Leadership & Entrepreneurship
- Belief Systems & Performance
- Integrative Change

Meetings are held each Thursday from 5-6 p.m. in Room 111 of the Center for Undergraduate Studies. We hope you'll visit a meeting of Toastmasters soon.

You can contact Lallie Hayes, Toastmasters @ LIFE mentor, at LallieHayes@ATT.net if you have any questions.

Chiro Index Survey - Share your opinion!

The Index to Chiropractic Literature's (ICL's) Index Committee has created a short survey to gather data from its users. Over the next month, they will try to discover who uses ICL and what they think of the database and website. ICL is hoping to receive comments and suggestions that will allow them to continue to improve their product.

If you are an ICL user, please take a few moments to answer the ten questions. ICL is particularly interested in what Life University students have to say, because they are by far ICL's heaviest users. In addition, two of LIFE's Library staff members serve as indexers for ICL.

[Click here to take the survey](#), or access the survey via the ICL website at www.ChiroIndex.org.

Larry Webster, D.C. Memorial Scholarship Now Available from ChiroFutures

ChiroFutures Malpractice Group has established an annual scholarship in collaboration with the International Chiropractic Pediatric Association (ICPA) in the amount of \$2,500 to be awarded to a chiropractic student enrolled at Life University.

The minimum criteria for eligibility is as follows:

- Applicants must have a cumulative G.P.A of 3.0 or higher
- Applicants must be ICPA members in good standing
- Applicants can be in 1st through 14th Quarter
- Applicants must provide a CV
- Applicants must submit a Project Proposal
- Applicants must engage in research and/or scholarship related to chiropractic and pregnancy, maternal or child health. The research or scholarship can be a new project proposed by the student as the principle investigator or an existing project that they are involved in as a co-investigator. They may also qualify if they are serving in other capacities on a project. The project can be any type of research study or scholarship related to the topics.

This is an annual award of \$2,500 with quarterly disbursements.

If a student applies but is not awarded a scholarship in one year, it does not preclude them from applying another year as long as they meet the criteria and submit a new application. In addition, scholarship winners may apply again in subsequent years if they meet the criteria. If an applicant receives other scholarships and/or financial aid, it does not affect their eligibility for the Webster Scholarship.

The Scholarship Review Committee, in its sole discretion, reserves the right to determine to whom a Scholarship will be awarded.

There is no fee to apply.

Applications and supporting documents must be sent in one envelope and postmarked no later than July 31st. Applications postmarked after that date will not be accepted. Applicants will be notified that their materials have been received (within 30 days following receipt). Winners will be notified upon final determination.
