### National Women's History Month Profile: Rachel Carson

Rachel Carson, writer, scientist and ecologist, grew up simply in the rural river town of Springdale, Pennsylvania. After completing her education as a marine biologist and zoologist, Carson joined the U. S. Bureau of Fisheries as the writer of a radio show entitled "Romance Under the Waters," in which she was able to explore life under the seas and bring it to listeners. In 1936, after being the first woman to take and pass the civil service test, the Bureau of Fisheries hired her as a full-time junior biologist. Over the next 15 years, she rose to chief editor of all publications for the U.S. Fish and Wildlife Service.

Carson resigned from her government position in 1952 in order to devote all her time to writing books. Her most famous book, *Silent Spring*, was published in 1962, and influenced President Kennedy to call for testing of the chemicals mentioned in the book. Carson has been called the mother of the modern environmental movement.

"It is a wholesome and

campus!

The A.I.I. is an assemblage of six NAIA institutions that are not affiliated with any conference. The participating teams are: your own Running Eagles; Morris College, Voorhees College and Allen University from South Carolina; Mountain State University from West Virginia; and Cal State San Marcos from California.

This is the 4th annual A.I.I. Tournament, and this is the first time it will be hosted by one of the participating universities instead of at a neutral location.

Life University students and staff receive FREE admission with ID! Admission is \$5 at the door for guests. A variety of concessions will be available.

The tournament winner will earn an automatic bid into the NAIA National Championship Tournament in Kansas City, Missouri March 14-20. Hosting this tournament is great exposure for Life

University, particularly our athletic facilities and our beautiful campus - and especially so if our Running Eagles secure the win!

Be there to cheer them on, and let the games begin!

#### Seeking Students for CARE Participation

Last year, due largely to our interested and enthusiastic students, a committee comprised of administrators, faculty, staff and student members was formed to review and recommend chemicals and other products used on campus. This group, the Chemical Assessment and Review for the Environment (CARE) Committee has been meeting regularly to review the use/application of landscape, maintenance and cleaning chemicals on LIFE's campus.

The committee is currently seeking student representatives. If you are interested in being involved in this active and decision-making group, please let us know. Send an email to [Shannan.George@LIFE.edu](mailto:Shannan.George@LIFE.edu) in the Office of Sustainability. We need to hear your student voice regarding these important issues!

**"Nothing & Something"**

Q: When one does not know what it is, then it is something; but when one knows what it is, then it is nothing.

What is it?

ChiroFutures Malpractice Group has established an annual scholarship in collaboration with the International Chiropractic Pediatric Association (ICPA) in the amount of \$2,500 to be awarded to a chiropractic student enrolled at Life University.

The minimum criteria for eligibility is as follows:

- Applicants must have a cumulative G.P.A of 3.0 or higher
- Applicants must be ICPA members in good standing
- Applicants can be in 1st through 14th Quarter
- Applicants must provide a CV
- Applicants must submit a Project Proposal
- Applicants must engage in research and/or scholarship related to chiropractic and pregnancy, maternal or child health. The research or scholarship can be a new project proposed by the student as the principle investigator or an existing project that they are involved in as a co-investigator. They may also qualify if they are serving in other capacities on a project. The project can be any type of research study or scholarship related to the topics.

This is an annual award of \$2,500 with quarterly disbursements.

If a student applies but is not awarded a scholarship in one year, it does not preclude them from applying another year as long as they meet the criteria and submit a new application. In addition, scholarship winners may apply again in subsequent years if they meet the criteria. If an applicant receives other scholarships and/or financial aid, it does not affect their eligibility for the Webster Scholarship.

The Scholarship Review Committee, in its sole discretion, reserves the right to determine to whom a Scholarship will be awarded.

There is no fee to apply.

Applications and supporting documents must be sent in one envelope and postmarked no later than July 31st. Applications postmarked after that date will not be accepted. Applicants will be notified that their materials have been received (within 30 days following receipt). Winners will be notified upon final determination.
