

My name is Trevor Lane and I am the newest recruiter in the Enrollment Management Office at Life University. I would like to take a moment to introduce myself. I was born and raised in Dade City, Florida, a small town just north of Tampa. I attended Pasco High School and found my passion for fitness and physical activity as a student who played football, wrestled, and weight trained for the school. When I graduated, I continued my education and recreational activities at LaGrange College. LaGrange is a small, private, liberal arts institution in LaGrange, Georgia about an hour south of Atlanta. There, I lived an active lifestyle, played on the offensive line for the Panther's football team, and founded the college's only recreation organization called the Panther Power Team, a weightlifting club. I graduated with a Bachelor's of Arts in Biology and a minor in Sustainability.

After graduation, I began my professional career as an Annual Fund Gift Officer for my alma mater's development office, raising funds for academic scholarships. I worked in this position for two years and engaged with many students and alumni. Through this work I realized my passion for higher education and discovered the importance of furthering one's education, maintaining an open mind, and continuing a dialogue of transparency with people from all backgrounds. With this newfound interest and ideals, I pursued a Master's of Education in Higher Education Administration at the University of Virginia, from which I just graduated this past May. Throughout my time at UVA, I maintained my active lifestyle. In addition to my coursework, I taught five classes for the Lifetime Physical Activities program, whose mission is to educate students on recreational and healthy activities, so that they can continue to lead a healthy lifestyle after graduation.

I am excited to begin work at Life and to get to know each of you. I fiercely believe in the philosophy and practice of Chiropractic and I look forward to working with you and Life University to promote these ideals.

Please do not hesitate to reach out to me with any questions, comments, or concerns and I look forward to meeting you soon.

Thank you,  
Trevor Lane
